Dissemination | Implementation | Translation | Innovation

The Center for Clinical and Translational Science (CCTS) Presents:

Expanding the Context of Implementation: A Community-Engaged Approach

Presented by **Jennifer Cruz, PhD, MPH**

Tuesday, December 15, 2026
12-1 PM (CT), via Zoom

CCTS ExpeDITIons is a monthly forum exploring how dissemination and implementation science is applied across clinical, community, and public health settings, featuring experts from across the CCTS Partner Network.

In December, explore how community engagement can broaden our understanding of implementation. Join Jennifer Cruz, PhD, MPH, of the CUNY School of Medicine for this CCTS ExpeDITIons Forum on bringing community perspectives into implementation science and efforts to move research into practice.
