Trending in Trials | Essential Information for Principal Investigators at UAB

Scholarly Communication Horror Stories

Join UAB Libraries **October 28, 2-3 PM** for a virtual Halloween event where authors share real-life tales of academic publishing nightmares, data management mishaps, and copyright quagmires that will make your skin crawl. Whether you're a seasoned scholar or just starting out, you'll learn how to avoid these haunting mistakes and laugh (or cringe) along the way. [Learn more](#), [register now](#).

Digging Into the Dilemmas of Pragmatic Clinical Trials

Join the NIH Pragmatic Trials Collaboratory for a free virtual workshop, **November 4-5, 2025**, exploring real-world challenges and innovations in pragmatic research. Day 1 will examine healthcare system stressors, platform trials, and aligning research with healthcare priorities. Day 2 will focus on lessons from null trial results and the growing role of AI. [Learn more](#), [register now](#).

Be in the Know! The Clinical & Translational Science Training Program (CTSTP) is Now Accepting Applications

CTSTP is a 6-month certificate program (EPI680 credit optional) that provides foundational training in clinical and translational research presented by experts in clinical trials, epidemiology, biostatistics, ethics, outcomes, D&I Science, AI, and more. [Learn more, apply by November 14th.](#)

Thank you for reading!

Trending in Trials is a biweekly communication sent from the Center for Clinical and Translational Science.
