School of Engineering

Drone Academy Summer Camps

The School of Engineering will host week-long summer camps in June 2025. The camps will offer high-school students (rising 9th graders through graduated seniors) opportunities to get hands-on experience with computer-aided designing, 3D printing, electronics, and drone construction. Join us to explore the many real-world uses of drones!

Drone Academy Weeks

June 2 – 6

June 9 – 13

June 16 – 18, 20

Use the link below to apply before May 25, 2025. Acceptance emails will be sent out starting May 9, 2025, with due dates to claim your spot.

Cost: \$200 per student for the week. Financial assistance is available. Please complete application and the financial assistance question if finances is a limiting factor to participate.
