

Multidisciplinary Multiple Myeloma Clinic Celebrates 5th Anniversary
Medical Director Racquel Innis-Shelton, MD, leads the clinic team in Multiple Myeloma care.

Patient Care Kudos

Dr. Duxbury's ability to holistically care for elderly patients (and their concerned caregivers) helps bring peace of mind in times of health crisis.

Andrew Duxbury, MD

Professor, Gerontology, Geriatrics, and Palliative Care

Prabhu Published in *JACC: Basic to Translational Science*

Research identifies a therapeutic target to prevent or delay heart failure from pressure overload of the heart, and a potential biomarker for the same.

Sumanth Prabhu, MD

Professor and Director, Cardiovascular Disease

Swetz Published in *Annals of Internal Medicine*

“Palliative Care” reviews the essentials of communication, symptom management, and end-of-life care, providing an overview of current evidence to support patient-centered palliative care.

Keith Swetz, MD

Associate Professor, Gerontology, Geriatrics,
and Palliative Care
