

UAB MEDICINE

Mini-Quality Academy

The UAB Medicine Mini-Quality Academy provides you an opportunity to learn skills and gain knowledge that gives you a foundation for creating improvement in healthcare delivery at the point of care.

Online lectures available through Healthstream at your own pace

Introduces you to concepts and tools related to quality improvement from industry experts

Meets ACGME requirements for foundational curriculum

8 years of excellence, training over 1,800 students

Upon completion of Mini-Quality Academy, the UAB School of Health Professions offers continued learning in Healthcare Quality and Safety
