

Dream it. Think it. Solve it.

*Don't dream about solving problems – solve them.
The UAB Biotechnology Program will train you to see the
solution and be the solution. Our students are
visionary leaders working on tomorrow's answers today.*

Apply: Convenient online form to fit your busy world.

Build: Add to your foundation of knowledge and expertise.

Capitalize: Increase your career advantages.

Learn the science and business of technology and product development.

Work directly with biotech companies.

They bring you real-world challenges; you deliver real-world solutions.

One year will change your life.

Application Process

Apply through the UAB Graduate School online at www.uab.edu/graduate

DEADLINES:

Fall 2024: August 1

Spring 2025: December 1

Summer 2025: April 1

REQUIREMENTS:

- BA or BS degree
- Meet all graduate school requirements
- Min. cumulative GPA of 3.0
- Min. grade of C in all prerequisites
- TOEFL, IELTS & TWE scores (Int'l students)

ALL STUDENTS MUST:

- Have personal insurance coverage uab.edu/studenthealth
- Complete required immunizations, background check, & drug screen

Prerequisite Requirements

(UAB or other institution)

COURSES	SEM	HRS
MA 105 Pre-Calculus Algebra		3
CH 115/116L General Chemistry I		4
CH 117/118 General Chemistry II		4
BY 123 Introductory Biology		4
BY 210 Genetics*		3

*Substitutions may be accepted at the discretion of the PD

Program Curriculum (37 Credit hours)

COURSES	SEM	HRS
Fall (14 Hours)		
BT 500 Principles of Biotechnology I		3
BT 605 Applications of Biochem in Biotechnology		3
BT 670 Bench to Commercialization I		3
BT 676 Innovative Technologies in Biotech		1
CDS 505 Professional Development		1
CDS 610 Research Design and Statistics		3
Spring (12 Hours)		
BT 550 Principles of Biotechnology II		3
BT 675 Special Topics		3
BT 671 Bench to Commercialization II		3
BT 676 Innovative Technologies in Biotech		1
BT 695 Biotechnology Internship		2
Summer (11 Hours)		
BT 600 Principles of Biotechnology III		3
BT 672 Bench to Commercialization III		3
BT 676 Innovative Technologies in Biotech		1
BT 690 Capstone		4

The UAB Advantage

“The UAB Biotechnology program showed me how you can turn innovation and discovery into opportunity... how scientific discoveries fit into the real world and progress to a product that made a difference. I learned many valuable and sought after lab techniques that are needed in everyday scientific work. The program prepared me for working in a company – not just doing research for the sake of research.”

— Eric Quick, Class of 2013

“The best part is learning from accomplished biotech industry veterans and applying what you have learned to a real world internship experience. The UAB Biotechnology program allowed me to work with some of the biopharma industry’s best and brightest on therapeutics that have the potential to help improve human health. The program prepares you to immediately begin making an impact in a very exciting industry.”

— John McCarter, Class of 2011
