

MSHA wins National Award!

It gives me great pleasure to tell you the MSHA program is the 2019 recipient of the CAHME/Baylor Scott & White Health Award for Excellence in Quality Improvement Education.

This national recognition is just one example of the exciting things going on in the department.

In the latest edition of NEXUS, you will see more examples of how we continue to reach our vision of how we continue to reach our vision to be recognized as the global leader in health services administration and research.

Best wishes for a healthy and happy 2019!
